Skills

- Programming Languages: Python, JavaScript, C#, HTML, CSS
- Web Development: Static website design, responsive design, animation using JS/CSS
- Tools & Platforms: VS Code, Git, GitHub, Figma (basic)

Curriculum Vitae

- Other: Instagram reel scriptwriting, basic video editing, freelancing (Fiverr)

Projects

Personal Portfolio Website (In Progress)

Developing a professional, animated, and responsive portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects. Focused on user experience, clean layout, and future integration with backend (Python).

Medical Wholesale Business Website

Built a static, professional medical website to display pharmaceutical partners and business details. Used collapsible sections, clean layout, and minimal JS for an informative and visually appealing design.

Languages

English - Fluent

Nepali - Native

Additional Information

- Currently working on expanding freelancing services via Fiverr (web design, content planning).
- Passionate about coding, fitness, content creation, and self-improvement.
- Portfolio link will be added upon completion.
